LANI

With its slender and timeless design, the transversal furniture series LANI, which is as practical as it is aesthetic, harmonizes perfectly with different collections from the wide-ranging LAUFEN catalogue, thus offering a high level of personalization in the bathroom. It can also make well thought-out storage solutions possible for both new and existing bathroom concepts with tried-and-tested washbasin objects. The all-rounder LANI inspires not only with its formal quality – Functional refinements are also built in, creating bathroom furniture that is more than the sum of its components.
