

**Declaration of performance:
2013-3**

Bau PVO 305/2011

V&B Fliesen GmbH – Rotensteiner Weg – 66663 Merzig

EN 14411:2012 - H.1 „Requirements dry pressed ceramic tiles with an water absorption more then $E_b > 10\%$ Group BIII “

Scope:

Wall coverings indoor for buildings

Significant performance	performance	harmonized technical specification
Fire behaviour	Class A1	Not testing
Breaking strength in N	> 600 N (Tile strength $\geq 7,5\text{mm}$) > 200 N (Tile strength $< 7,5\text{mm}$)	EN 14411: 2012
Durability for		
- Usage indoor:	passed	EN 14411: 2012
Composite strength / Adhesion		
- cementitious mortar Type C2 - dispersion adhesives - Reaction resin adhesives - Mortar	$\geq 0,5 \text{ N/mm}^2$ $\geq 1,0 \text{ N/mm}^2$ $\geq 2,0 \text{ N/mm}^2$ Efficiency not ascertained	EN 12004:2007 + A ; 1:2012,4.1 EN 12004:2007 + A ; 1:2012,4.2 EN 12004:2007 + A ; 1:2012,4.3 EN 1015-12
Thermal shock resistance	passed	EN 14411: 2012
Lead and cadmium release		
- Cadmium * - Lead * - VOC ****	Efficiency not ascertained A+	Not testing EN ISO 16000-6:2012-03-01

* Only necessary in the case of materials that come into contact with foodstuffs or when required by corresponding national statutory regulations

**** for France only
